## PROFILE

Motivated first-year Computer Science student with a focus on Cybersecurity. Eager to apply strong problem-solving and analytical skills to an entry-level cybersecurity or IT support role. Enthusiastic about learning secure coding practices, threat detection, and network defense.

## EDUCATION

### Carleton University - Ottawa, On

September 2024 - April 2028 (expected)

Bachelor of Computer Science (B.CS) — Cybersecurity stream

- Relevant courses: Introduction to Computer Science, Discrete Structures, Linear Algebra, Calculus

## TECHNICAL SKILLS

**Languages:** Java, JavaScript, Python, HTML/CSS

**Tools & Frameworks:** Git, VS Code, React (basic), Node.js (basic)

**Concepts:** Object-Oriented Programming, Recursion, Big-O Analysis, Graph Theory, Web Development

**Other:** GitHub, Command Line, Debugging, VS Code Extensions

## PROJECTS

### Opp Detector (Hackathon project)

- Built a facial recognition system to detect and spray “opps” using OpenCV and a water gun
- Used Python for image processing and GPIO control on Raspberry Pi
- Team of 3; handled back-end logic and system integration

### d4rk mode Chrome Extension

- Developed a Chrome extension that inverts background colors to simulate dark mode on any website
- Used HTML, CSS, and JavaScript to manipulate DOM elements and apply real-time CSS filters
- Designed for users who prefer dark mode browsing across unsupported sites
- Published locally; currently testing across various websites for compatibility

## AWARDS & ACHIEVEMENTS

Foundations of Cybersecurity Certificate, Coursera 2025

Bachelor of Computer Science Entrance Award  
Carleton University, 2024

Entrance Scholarship  
Carleton University, 2024

Tropicana Community Services Scholarship Award, 2024

Ontario Scholar  
Sir Oliver Mowat Collegiate Institute, 2024

## COMPETITIONS

cuHacking Participant, 2025

SEEK Jr. Participant, 2024

Regional Champions,  
First Lego League, 2018

## SKILLS

104 WPM typing speed

Computers and programming

Video editing

## INTERESTS

Coding

Video games

Web development & automation projects

Basketball

Playing guitar & piano

---

## WORK EXPERIENCE

### Camp Counsellor, City of Toronto

May 2025 - Present

- Managed kids 9-12 in summer camp

### Soccer Coach, The West Rouge Soccer Club
